MOVEMENT TO IMPROVE CITY ISLAND

COUNCIL APPEARS FAVORABLE TO LEASING OF THE GROUND

COUNCIL TO CONSULT CIVIC DE-
PARTMENT OF PALMETTO
CLUB AND PERSONS WHO HAVE
DONATED.

At the regular session of the city
council Monday evening all members
were present. Matters of impor-
tance were taken care of and a num-
ber of bills allowed. At this meet-
ing the members signed the tax
rolls.

About the most important business
transacted at the meeting was a
resolution to leasing the city island for
a term of years to W. C. Branch or
his associate to be used for amuse-
ment purposes. It seemed to be
the sentiment of the council as a
whole that the island would never
be made much of as the matter now
stands, and that the idea that Mr.
Branch has in mind would not inter-
fere as a detriment for the tourists. It
was so much likely that any one who
might lease the island would have
to be in before they could expect the
council to use it, this being the one
thing the council has had in mind
for a long time. If the island is
leased enough land will be placed
under restriction to protect the li-
brary and a provision will be made
that no admission shall be charged to
the grounds.

E. J. Male, father of the city is-
land, is in favor of leasing the city
island to the island as before and this
was decided upon favorably at the
meeting. He says that had this been
done right away instead of having
to wait until the city because a
few particular people desired it, that
the island would have been in shape
to use at this time. A special mes-
sage of the civic department of the
Palmetto club will be asked, at
which time the object will be to find
out the desire of those who have
contributed personally with money
to the island before any move is
made. Apparently, however, the
council does not think that a few
people, whose winter homes even,
are not in Daytona, should be al-
lowed to swing the whole matter to
suit their tastes.

I. B. Garrison was granted a
permit to arch the north canal along
his property on Bay street to a
length of 80 feet in much the way
the school board did in order that his
lot at that point may be good to the
street. It seems probable that in
this canal at least will become
mainly a large trunk sewer. A per-
mit that he asked to move a house
on the lot was referred to the build-
ing committee.

The resignation of T. E. Fitzgerald
as city attorney was accepted, but
the vacancy was not filled at the
meeting. Conrad Stuenkel asked
the council to hire a lawyer to re-
turn the north corporation line along his
building lots be accepted, but this
the council can not do until he at-
least builds sidewalks along the front
of the property. A petition bearing
the names of over the necessary two-
thirds of the property owners on
Cypress street from Ridgewood av-
enue south to Daytona street was
heard asking for sidewalks along
both sides of the above named por-
tion of the street. The petition was
granted but first it will be necessary
to frame a special ordinance for 4 1/2
feet walks because of the narrowness
of the street.

Mayor Titus was present at the
meeting to notify the council of the
shape of Loomis avenue in the
part of the city known as Newtown

as the result of digging done there
by J. F. Trout, the dirt apparently
having been removed to his own
hands for his own benefits without
permission. A ditch has been dug
nine feet wide, two feet deep, and
nearly 100 feet long putting the cen-
ter of the street in practically im-
passable condition and property
owners and residents in that part of
the city are complaining. Mr. Trout
told Mayor Titus that the street
commissioner had given him permis-
sion but this is stoutly denied. The
council gave Mayor Titus full
power to act in the matter to compel
Mr. Trout to restore the street to
its original condition or seek redress
for the city through the courts.

EIGHTY MEN ENTOMBED BY EXPLOSION

FORTY NEGROES AND FORTY FOREIGNERS BELIEVED DEAD

ONLY SIX OUT OF 86 MINERS
EMERGE SAFELY AND LITTLE
HOPE REMAINS FOR THE
OTHERS.

BLUEFIELD, W. Va., Mar. 26.—
Eighty miners were entombed
by an explosion in a coal mine
at Jed, West Virginia, at 7:30
today.

BLUEFIELD, Va., March 26.—
Eighty-six workmen were in the
mine at the time of the explosion and
only six of this number emerged
safely.

It is believed that those who were
not instantly killed by the explosion
have succumbed to the poisonous
gases which fill the mine.
Rescue parties have made repeat-
ed efforts to reach the entombed
mine but have been driven back by
the accumulation of gas.
Half of those entombed are
negroes and the other half for-
eigners.
The explosion is believed to have
been caused by a miner carelessly
lighting a match.

DAILY STOCK MARKET REPORT.
NEW YORK, March 26.—Stocks
were generally lower today on profit-
taking. Smelter was a point and
one-eighth lower and Steel Common
three-eighths lower, with the general
list a fraction off. Baltimore & Ohio
was seven-eighths up, and Cotton one
to four higher, with May at \$10.40
and July \$10.51.

At noon some stocks rallied. Amer-
ican Can was a point and three-
eighths higher, with speculative in-
terest centering in industrials.

Wheat a Shade Higher—
CHICAGO, March 26.—Wheat was
firm today and a shade higher, with
May at \$1.03. Provisions were high-
er. May pork was \$16.62, ribs \$9.40,
July lard \$9.82; hogs five lower and
cattle steady.

HISTORICAL RELIC AGAIN DISCOVERED

MONUMENT OF ADDISON FOUND NEAR HARWOOD

HAD BEEN MISSING FOR YEARS
UNTIL FOUND BY MEMBER OF
SURVEYING PARTY — WAS
COVERED BY EARTH.

The monument of John Addison,
the original owner of the Addison
grant, now a part of the land of the
American Land company near Har-
wood, has been found after having
been missing for many years.

John Addison was granted a large
tract of land by the English govern-
ment back in the 17th century and
at one time the tract was all under
cultivation, as were many others of
the grants in this locality. Addison
died in 1825 and was buried on the
grant. His brother, Thomas, erected
a monument over the tomb but years
ago the monument disappeared and
several searches by persons in-
terested failed to reveal its where-
abouts. Since the property came

G. M. P. Contains more oil and spreads farther than any other Semi-Paste Paint on the market. Gruber-Morris Hardware Co., Inc. If you don't trade with us we both lose money.

into the hands of the American Land
company a party of surveyors, under
the direction of D. D. & C. M. Rog-
ers, has been plotting the property,
and last week one of the surveying
party, James G. Gaine, accidentally
discovered the long lost monument.
Mr. Gaine was showing a party
over the tract and noticed a small
white projection about three inches
out of the ground. He investigated
and found the stone broken in sev-
eral pieces but by placing the parts
together the lettering was legible.
The inscription on the monument
is as follows:

"Sacred to the memory of John
Addison, who died on his plantation
on the Tomoka river, East Florida,
on the 29th of June, 1825, after a
sickness of four days, aged 61 years
and 6 months. He was born in Car-
rickvergus county, Antrim, Ireland,
early in life he visited the United
States and the West Indies, and for
many years past he resided on his
plantation here and by his industry
acquired a very hard one property.
He was indeed a humane master, a
benevolent friend and a most affec-
tionate brother. This stone is
erected as a small token of respect
to his memory by his brother,
Thomas Addison."

A photograph of the top portion
of the stone was taken and is here
reproduced. The persons shown in
the photograph are Mr. and Mrs. E.
H. Shoemaker, Mr. and Mrs. S. I.
Merwin and James Gaine.

The original monument was three
feet and three inches by six feet,
and was three inches in thickness.

TOP PORTION OF LONG-LOST MONUMENT OF JOHN ADDISON.

CHICAGO PACKERS GO FREE

JURY FINDS THEM NOT GUILTY OF CHARGE

NINE YEARS' FIGHT BY THE
GOVERNMENT AGAINST THE
BEEF TRUST ENDS BY THE
VERDICT.

CHICAGO, March 26.—The ten mil-
lionaire packers charged with crimi-
nal conspiracy in restraint of trade
in violation of the Sherman anti-
trust law, were declared not guilty
today.

The jury brought in its verdict
after being out since 5 o'clock yester-
day afternoon.

The climax today ends the nine
years' fight of the government
against the beef trust, and is the
second complete victory for the
packers, the first coming five years
ago when Judge Humphrey gave the
beef barons an "immunity bath."

The ten men who were acquitted
today have wealth aggregating one
hundred million dollars.

The federal building was packed
with people when the verdict was
announced.

GENERAL OROZCO'S
ADVANCE CHECKED.

MEXICO CITY, March 26.—The
advance of the victorious rebel army
under General Orozco upon the cap-
ital from Jimenez, where 1,000 were
killed in the bloodiest battle of the
present uprising, has been checked
by the rurales.

CLOSING OF MILLS
LOCK OUT 16,000.

LOWELL, Mass., March 23.—Six-
teen thousand operatives were locked
out by the shut-down of all mills in
Lowell today, except the mills of
the Lawrence Hosiery company. Six
factories are closed.

MINERS TO RETURN TO THE MINES

DEFINITE STATEMENT MADE OF SETTLEMENT

THREE MILLION PERSONS ARE
NOW IDLE AND STRIKE IS
COSTING HALF BILLION DOL-
LARS WEEKLY.

LONDON, March 26.—A definite
announcement of the ending of the
coal strike in North Wales was
made today. The operators have
granted a minimum wage scale to be
fixed by a joint conference of miners
and mine owners, and work will be
resumed immediately.

It is believed if other owners
take similar action the minimum
wage bill will not be pushed in par-
liament.

Railway managers officially an-
nounced today that if the strike is
not settled soon it will mean the
complete suspension of traffic in
Great Britain. Three million are
now idle and the strike is costing
the country a half billion dollars
weekly.

CRAWFORD JURY UNABLE TO REACH ANY VERDICT

STOOD EIGHT FOR CONVICTION
AND FOUR FOR ACQUITTAL IN
NOTED NEW ORLEANS MURDER
CASE.

NEW ORLEANS, March 26.—The
jury in the case of Annie Crawford,
charged with murdering her sister,
Elsie Crawford, by administering
poison, last September, reported
today that it was unable to agree
upon a verdict and a mistrial was
directed. The jury stood eight for
conviction and four for acquittal.

The defendant admitted that she
caused the death of her sister but
claims that she gave her morphine
tablets by mistake for calomel and
soda.

OWENS SLIGHTLY
IMPROVED TODAY.

The condition of C. W. Owens who
is a Dr. Bohannon's hospital suffer-
ing from serious injuries received in
the automobile accident on the ocean
beach Thursday of last week, is
reported somewhat better this af-
ternoon. Dr. Turk, a prominent sur-
geon of Jacksonville, was called in
consultation last night and after a
thorough examination of the in-
jured man, expressed an optimistic
opinion as to the chances for Owens'
recovery. The injured man's tem-
perature is lower today than at any
time since the accident, and the
hospital authorities are keeping up
continuous irrigation of the wounds.

NOBODY TO BLAME FOR ACCIDENT

OPINION OF CLIFTON YOUNG WHO WAS INJURED IN CRASH

DECLARES OWENS THOUGHT EL-
MORE CAR HAD BEEN STOPPED
TO PERMIT HIM TO PASS ON
DOWN THE BEACH.

After all explanations and stories
of eyewitnesses to the automobile ac-
cident in front of the Clarendon on
Thursday morning, most of which ex-
planations conflicted with one an-
other, tending to show that those
who saw the accident must have
imagined things that never happened,
the version given by Clifton Young of
Daytona Beach, who was riding with
C. W. Owens at the time, and who
was himself injured, seems to clear
the matter up and show that no one
was really to blame.

According to Young the Owens car
was not being driven at a great
speed, he declaring that they could
not have been going over twenty-five
miles an hour when the accident oc-
curred. Had they been it does seem
probable that all three persons in the
accident would have been killed. The
ladies of the Owens party had pre-
pared to go in the surf at Kees-
ling's casino just prior to the accident
and the two men decided to take a
spin in their bathing suits to cool off
before going in the water. When
just a short distance above the
Clarendon they turned about, and
Young, who is familiar with automo-
bile and, aeroplane motors as well,
declares that it would have been im-
possible in the distance that they
went after turning to have picked up
the speed that many credited them
with making when the crash came.
Neither were they racing nor was
there a car following them, says Mr.
Young.

Owens saw the Elmore prepar-
ing to make the approach, followed
by another car, and was just about
to slow down when the Elmore
backed away from the approach, ap-
parently to let them pass. With the
car following the Elmore and the
tide in as far as it was, to have
passed behind them would have been
impossible. The driver, however, did
not see Owens but had just backed
and stopped to change into low spe-
ed and started ahead again just in time
to cause the collision. Owens would
have driven up the beach into the
soft sand but the day was warm and
the sun bright and the beach cov-
ered with women and children, who
were playing in the sand. Everyone
is familiar with the details of the
smash and the subsequent near fatal
injuries of Owens, but the statement
of how the catastrophe really oc-
curred may settle many an argu-
ment and doubt. It is a well-known
fact that when persons are making any
speed at all on the beach it ap-
pears to bystanders to be much fas-
ter than the actual speed being
made.

PRESIDENT SENDS
TARIFF MESSAGE.

WASHINGTON, March 26.—Presi-
dent Taft today sent a message to
congress asking for a reduction in
the tariff on cotton manufactures, ac-
companied by a report of the tariff
board on Schedule 1. "I base this
recommendation," said the president,
"on the declarations in the platform
on which I was elected, that rea-
sonable protective tariff should be
adjusted to the difference in cost of
production at home and abroad."

*Now shipment of Val, real chumy
and linen laces at Peck-Hendricks.

Learning the Language.

A downtown dentist who is somewhat of an expert on the use of the mother tongue, is trying to teach his little daughter to speak the English language correctly. Not long ago the little girl came into the room where her father was working. He paused and introduced his small daughter to his patient, who asked the little one whether she had just come from school. "Say 'Yes, thank you,'" said the father as the little girl hesitated. In a surprised manner she looked at her father and said: "Say 'Yes, thank you' when she asks me if I've come from school?"

TEN YEARS AGO.

From the Gazette-News, of Mch. 29, 1902.

John B. Parkinson had just received his commission as captain of the Halifax Rifles.

E. E. Fayerweather of Burlington, Iowa, died on South street the previous Monday. He was 57 years of age.

Miss Amelia Foster was elected president of the Palmetto club Thursday of that week.

The Hotel Men's Mutual Benefit association met at Palm Beach that week and several hundred of them visited Daytona for a few hours one day.

The Halifax River Yacht club had just let the contract for an addition to that house.

"Zanona, the mystic," was billed for an appearance at the opera house one day that week but failed to show up. The Gazette-News of that date states that his advance man ordered printing at the various print shops of the city and walked off without settling his bills.

Woman's Act of Fanaticism.

At the recent unveiling of a monument to a local lawyer in the church at Valeriano, Italy, a number of people who do not approve of the erection of the monument collected about, shouting and whistling. One old woman, with a knife in her hand, attempted to cut down the cloth covering the monument, but she was dragged away and disarmed by a man in the crowd. Another woman, with a bundle of lighted straw, tried to set fire to the building which provisionally surrounded the monument. Fortunately she did not succeed, or the crowd would have been roasted to death as the church has only one door which would have been blocked in the resulting panic and stampede.

DIET AND HEALTH HINTS

By DR. T. J. ALLEN

Food Specialist

FOOD AND CANCER.

Dr. Malcolm Seymour of Boston believes that "the solution of the cancer problem will be found in the scientific investigation of the common forms of food," according to a recent newspaper dispatch. He thinks eggs are especially dangerous in this respect. "The theory has not been proved as yet," he is reported as saying, but he thinks that "if some living cells of the raw egg were to attach themselves to an intestinal ulcer or sore they might begin there the malignant growth which almost invariably means death." The important point to note is that there must be a constitutional condition favorable to cancer before it can develop, as in consumption, and that prevention consists in maintaining normal nutrition.

(Copyright, 1911, by Joseph B. Bowles.)

Tram-Car for Cemetery.

A coffin train-car is the latest innovation by way of a conveyance in Paris. The cemetery of Vincennes is full, and it is impossible to find another suitable place of ground in the town, so the new cemetery has been made at a distance of about three miles out. This is too great a distance for the ordinary funeral procession, so the municipality has solved the problem by having a special coffin-tram-car constructed, and by laying down a line right to the gates of the cemetery. The car, which is of a dark green color, is divided into four compartments, one for the driver, one for the bearers, one for the casket, and a roomy one, containing 24 seats, for the family of the deceased. In the side of the vehicle there is an aperture into which the undercarriage slides the coffin. The wheels will be hung on the car. A specially constructed carriage will follow the funeral car containing the rest of those assisting at the ceremony.

The Gar Sinister.

"Some people ought to learn something about heraldry here in Los Angeles," said an old librarian. "There is one commercial house that bears its arms in its show window and on its stationery the 'gar sinister.' That's an actual fact."

SAVED

Mr. Jones—Ah! it's beginning to rain! How lucky Miss Smith, that I happened along with me umbrella!

Watch Daytona Grow

Watch it through the columns of The Daytona-Gazette News. It is published every Saturday the year 'round. More improvements will be made in Daytona and vicinity during the coming summer than for several years past, and you will want, of course, to keep abreast with the progress of the community.

It gives you more local news than all other local papers of Volusia combined. Many of the little personals about persons with whom you are acquainted will also interest you.

The subscription price is but \$1.50 a year, and we give you a useful pair of SHEARS as a premium if you subscribe before the supply is exhausted.

It will tell you of the improvements that are being made during the summer when you are at your northern abode.

READ The Daytona Gazette-News

UNCLE SAM MAKES CANDY AT CAPITAL

CONDUCTS MODEL CANDY SHOP
IN THE CHEMISTRY BUILDING

EXPERTS COLLECTING DATA FOR
BULLETIN ON COST OF MANU-
FACTURE AND MATERIALS
BEST TO USE.

WASHINGTON, March 26.—Uncle Sam has gone into the candy manufacturing business and is conducting a model shop on the top floor of the department of agriculture, in which various kinds of the delicacies are being turned out. The product is warranted to be strictly pure, free from all harmful adulterations and disease germs.

This shop is being conducted for the purpose of obtaining data for a bulletin shortly to be issued by the department. The bulletin will set forth facts about home-made and commercial candies, together with recipes for making candy from sugar. In this federal candy shop there will be found rows of jars filled with the familiar red and yellow striped sticks of candy. Then there are others containing soft "chewing" candy, the old fashioned molasses candy, such as our mothers used to "pull" at their parties; lemon drops of four different kinds, and the official candy, makers are now engaged in turning out horehound and sassafras sticks, gum drops and other varieties that are found in the cases of the corner grocery store.

The factory of the department was but recently established, when several professional candy makers were employed to carry out the experiments. The simpler sort of sweets have thus far been turned out, the kind the children are wont to purchase with the pennies they beg from papa, mamma and kind friends, and which according to statistics collected by agents of the department comprise more than half the candy made and sold in the United States.

Chief among the products thus far of Uncle Sam's candy have been the familiar sticks of white candy with red spiral stripes characteristic of the peppermint and cinnamon. They are made from pure cane sugar and are colored with a vegetable compound made from the carotens. These sticks are so constructed that even in a steam heater from they retain their solidity and do not become even sticky.

To produce this candy it costs the government, exclusive of the labor, about five and one-half or six cents a pound which is about twice as much, according to the chemists, as the cost of materials used by manufacturers in producing commercial candy. But even this cost, the department contends is cheap enough to enable one to make the product at home for a small fraction of what is paid the street vendors and the corner grocery stores for it.

Thus far such candy has been made directly from sugar cane, but experiments are planned to temper the direct sugar with "invert" sugar. This is expected to make the sticks softer and the experts say that with the proper addition of "invert" sugar the candy can be made soft enough to become "nice and chewy." It will have to be wrapped in soft paper. But the experts point out this will be all sugar and will have no deleterious adulterants.

In its bulletin on the subject to be issued in the near future, the department will embody the recipes of the most simple kind for use in the home, but they also will include caramels and chocolate drops, marshmallows and gum drops and anything else that is cheap and wholesome and can be made out of pure sugar.

While the purpose of establishing a candy kitchen has been primarily the desire of the department to give to the people the opportunity of obtaining pure and wholesome confections at a small cost, it has another purpose and that is to obtain data in the campaign to prevent the sale of adulterated and harmful preparations.

Sunday William Pratt Boarse of Hyannis, Cape Cod, Mass., entertained Dr. E. W. Mathews and wife, O. F. Bacon and wife, O. L. Hallett and wife and Dr. Sears' daughter, Miss Laura Sears, at dinner at the Orange Villa. The dinner was much enjoyed and all present can recommend the table of Mr. and Mrs. S. Cass as one of the best in Daytona, in regards to quality and quantity, central location.

Girls Make Trouble for Police. A mutiny of a serious character occurred recently at a female reformatory in northern France. Three hundred girls, when attempts were made to restore order, took refuge in the dormitories and corridors, smashing everything they could lay hands on. The police were sent for, and when they arrived the girls took off their sabots and used them as weapons to keep the officers at a distance. Further assistance had to be summoned, and it was only after thirty-five of the girls had been arrested, that peace was restored.

Something Had to Happen

If the Windlers' flat had been commensurate in size with the Windlers' popularity as evidenced by their wedding presents it would have been so big they never could have afforded to pay the rent.

It was an ideal flat for a family that was short on furniture and bric-a-brac, but it was a trial to people on whom their well-meaning friends and relatives had showered too times as much stuff as they could use up in the course of a normal lifetime. After nearly acquiring brain fever trying to dispose their possessions about the place without having their home look as though it was about to choke to death on a superfluity of furniture and miscellaneous wares they gave up and put three-quarters of their wedding gifts in the basement storeroom. Then their troubles began.

"Mercy!" Mrs. Windler cried one evening just before her aunt and uncle were due for dinner. "Jimmy, we'll have to get that carved oak hall chest up here before Aunt Cornelia arrives or she'll never forgive us! It cost a small fortune and she won't understand why—"

The rest of Mrs. Windler's remarks were irrevocably lost in the tumultuous rush of the Windlers to the basement.

Mrs. Windler's pale rose gown was soon hopelessly soiled and Windler's temper was ruined for the whole evening, to say nothing of his cuffs. The hall chest was barely thumped into place with the help of the subsidized janitor and the Windlers were still breathing hard when Aunt Cornelia and Uncle Jabez arrived. The former peered sharply at her gift.

"Seems to me you don't do much dusting of your things," she said, rubbing a finger across the chest and leaving a deep depression in the grime that had settled on it in the storeroom. "Seems to me you don't care much about my gift, Louise!" When Aunt Cornelia rebuked one in that tone the situation was serious.

After the visitors had departed the chest had to be lugged down to the basement again, because there was no other place for the bookcase.

The two large paintings were the worst. When Cousin John's folks were coming the Windlers hung up the picture of the Lombardy poplars and the sheep. Then they took it down when the Phillipses were due and put in its place the picture presented by the Phillipses showing the garden scene.

This worked all right until Sue Sanders, who could always be depended upon to say the wrong thing, burst out in the presence of all the Phillipses: "Oh, you've changed your pictures! Why, you have a new one! What did you do with the cute one of the sheep and poplars that has always hung right here till now?"

That threw a coldness upon the Phillipses that never was eradicated.

"They acted," stormed Mrs. Windler helplessly after they were gone, "as though it was our fault that we didn't have five walls in this room instead of four! I hate their old picture, anyhow!"

The silver, however, created the most trouble, because there was so much of it. However, they knew they were using the wrong teaspoons the night the Smiths dined with them by the peculiar cold manner in which Mrs. Smith regarded the ones at her plate. They realized that they had made the wrong selection in silver, bread plates when Uncle Hiram pointedly inquired who had given them the plate that they preferred to his gift. He said he had hoped when he devoted a week to selecting it that he had picked out something they really would like. Altogether, the Windlers had a terrible time smoothing down Uncle Hiram. They thought it odd that the more money a relative had the more easily and deeply his feelings were injured.

When any of the girls gathered at her house in the afternoon for cards Mrs. Windler nearly lost her mind. If she used Sadie's tea cloth instead of Amy's when Amy was present the latter was so hurt that it was painful, and if Angelina didn't see her cut glass vase anywhere about her eyebrows speedily announced the fact. "It isn't a home!" Mrs. Windler wailed one night. "It's the inside of a kaleidoscope! I'm so nervous for fear I'll get the wrong thing out when the right person comes—or for fear two of 'em'll land here together and pull each other's hair because one's gift is on view and the other's isn't that I'm a total wreck, Jimmy!"

"Cheer up!" said the haggard Jimmy, who was hastily changing a bronze head for a Barye lion, the Getters being due that evening. "It can't go on forever—something'll happen!"

It did. The building burned down while the Windlers were at the theater and they returned to ashes, glowing embers and complete desolation.

"All your lovely things, Mrs. Windler!" one of the neighbors mourned. "All your perfectly lovely wedding presents gone! I don't see how you bear the blow so bravely!"

"Well," said Mrs. Windler, struggling heroically to conceal her happiness. "It is wrong to give way to one's feelings and, besides, there are always compensations in everything."—Chicago Daily News.

Janus in Mythical History. Janus was invoked at the commencement of most actions; even in the worship of the other gods the votary began by offering wine and incense to Janus. The first month in the year was named for him.—M. A. Dwight.

Truly Fortunate Man. Honor and fortune exist for him who always recognizes the neighborhood of the great, always feels himself in the presence of high careers.—Emerson.

NOTHING NEW.

"I see that Grust has taken a wife." "Well, it won't be the first thing he has taken which doesn't agree with him."

New Chinese Orange.

The Lue Glin Gong is a new orange, originated by a Chinese fruitgrower of De Land, Fla. According to a writer in Country Life in America this new variety is going to revolutionize orange growing throughout that part of the country. It is declared that the fruit has been known to hang on the tree for one, two, or even three years, and that the tree bears well even when it is still carrying the crop of the previous year. This is not true of most other varieties. It is also said that the fruit can be shipped as early as June, although it is still too acid then. It is good in July, but better in August and September. "The fruit is full of juice," says the quoted writer, "and hangs on the trees through the rainy summer weather. It can therefore be placed on the market when oranges are scarce and the highest prices can be secured."

How to Cure Stammering.

Stammering is due to a peculiarly nervous temperament, and only very sympathetic treatment can effect a cure. In a child it should have immediate attention, and the first thing is to improve the little one's health by means of plenty of sleep, fresh air and good food. Every day he should take deep breathing exercises in the open air, to strengthen the muscles of the throat, and counteract a spasmodic habit of breathing. Notice should be taken of the sounds which the little stammerer has most trouble with, and sentences containing these sounds should be composed for him to repeat each day—very slowly and clearly. He should be asked to read aloud every day, and what is very important, he should never be laughed at or scolded.

Do Not Lose Your Temper.

Anger is a lack of sense. That is to say, a man is not as sensible when he is angry as he is at other times. He may be angry and still have more sense than some people have when they are not angry, but he is not as wise when he is angry as at other times. He cannot reason so well; his brain does not work in as sane a groove; he is more foolish than other people who may have much less sense than he has when he is in good humor.

Transportation the Main Thing.

The power which has controlled the world for all time has been superiority in transportation. Civilization, commerce and empire have always followed. The present generation looks upon the railroad as one of the commonest of conveniences, and has no conception how near we are to its beginning.—Chauncey M. Depew.

DIET AND HEALTH HINTS

By DR. T. J. ALLEN
 Food Specialist

HEALTH RESTORED ON CORN BREAD, ROLLED OATS AND BUTTER MILK.

Mr. C. R. Noe, formerly cashier of the bank at Nobles, Illinois, is walking twenty-five miles a day on entire corn bread, rolled oats and butter-milk. A few months ago he was eating the ordinary mixed ration with meat twice or three times a day and was unable to attend to business or to walk five miles, being much depressed. He has entirely discontinued the use of meat, condiments and fancy foods and is in better health and working condition than he has ever been before. He intends to make the new regime permanent, on account of the benefit in health and working capacity that has followed the change, which was made gradually.

(Copyright, 1911, by Joseph B. Bowles.)

Penal Settlement Romance.

An interesting romance of the Russian penal settlement on Saghalien Island, north of Japan, has come to light, recently. A Russian count and his young wife were deported to the island in 1887 for political offenses in company with a gang of prisoners.

The count died before reaching the island. The countess bore a child, a girl, on her arrival, and expired immediately afterwards. The prisoners adopted the baby, the entire company standing godfather, and she spent a happy childhood among them. They put their savings together and sent her to a school on the mainland, and later she entered a business in Vladivostok as bookkeeper. The son of a millionaire named Lordoff, who was in the business, fell in love with the girl and married her a short time ago. The girl wrote to her godfathers—there are only twenty still alive—and the bridegroom sent them a cheque for £1,000 to pay for the expense they had been under in bringing up his wife.

Clever Dogs Trained by Smugglers.

The manner in which dogs are trained by smugglers to assist in their operations on the Italian frontier is certainly ingenious. The canine pupil is submitted to various torments on Swiss territory, and after being repeatedly shot at by one of the gang, attired in the uniform of an Italian customs official, it is driven across the frontier into Italy. Here it meets with the greatest kindness at the hands of the smugglers, so that it soon learns to know on which side are its friends and on which its enemies. The dog is then taken back to Switzerland, where it is laden with sugar, tobacco and other articles of contraband, and is then allowed to escape back to its friends in Italy.

FRECKLED GIRLS

We have just received a stock of WILSON'S FRECKLE CREAM, product of WILSON'S FRECKLE CREAM CO., Charleston, South Carolina. It is FINE, is fragrant and harmless and positively removes freckles, tan and brown moth. Bleaches dark faces light. Will not make hair grow. We send them by mail if desired. Price 50c and \$1.00. Wilson's Fair Skin Soap, 25c. W. M. Hankins, Church, Druggist, W. F. Gile, Jr., & Co., E. J. Eccles & Co.

DON'T WAIT

to see what someone else is going to do—get hold of some of this land yourself—do it NOW, before it's too late, for you know that

Acreage property in the line of advance of value is the greatest investment in the world. Fortunes have been made by some small venture picked with discrimination.

We have for sale several tracts that can be bought at acreage prices now, but developments under way will make this land double in value within the next year, and it is impossible to predict the increase in value within the next few years.

YOUR OPPORTUNITY.

We have a tract of one hundred acres running from river to ocean within one-half mile of Seabreeze. We have a tract of forty-five acres running from river to ocean within a quarter of a mile of Seabreeze. We have a tract with about 2000 feet frontage on the river and 1500 on the ocean within a mile of Seabreeze. We have a tract of 20 acres with 600 feet of river frontage half a mile from Seabreeze.

These Four Tracts Can Be Bought at Acreage Prices NOW but not for long.

We shall be glad to show them and to quote you prices if you mean business. We can also quote you a price on 86 acres running from river to ocean just south of and adjoining a large tract that has been bought for development purposes. We also have several residences that must be sold and will be sold at prices below their actual cost. Call and see us if you wish to invest in property that will pay you a big return.

*Choice piece of residence property in the city, 33 S. Palmetto Ave., for sale. Inquire at Gardiner's drug store or Edmondson & Donnelly real estate. 86-1t

James E. Alexander of DeLand, candidate in the coming primary for the position of county judge, was a Daytona visitor yesterday, looking up his friends in the East Coast district.

After being around two days in the channel the Keesaw II of Philadelphia, is at the yacht club dock for several days stay enroute north. On board is the owner, Horace E. Richards and H. Penfield and J. F. McCarthy, all of Philadelphia.

County Solicitor Roy P. Hamlin, who is a candidate to succeed himself in that position, is a Daytona visitor, having come over from the county seat Monday, to remain here until some time tomorrow. Mr. Hamlin has made an excellent officer and as he is popular in all sections of the county it is highly probable that he will be returned by the voters to the position he now holds.

Uriah Boseley of Aberdeen, S. D., has purchased from Thos. Wetherell of Holly Hill, his residence and cottage, with three lots fronting on Daytona avenue and located at the corner of that street and Virginia avenue. Mr. Wetherell has taken as part payment of the property one of the two touring cars which Mr. Boseley brought south last fall, when he and his family drove through to this place from Aberdeen. Mr. Boseley and family have been occupying during the winter C. A. Balough's house on the river front at Holly Hill.

THREE STRAIGHT SETS CONCLUDED THE FINALS

MISS CONSTANCE MCCONNELL AND A. E. DONNELLY DEFEAT MISS JESSIE FITTER AND L. M. WAITE.

Watched by a large gathering of admirers, Miss Constance McConnell and A. E. Donnelly defeated Miss Jessie Fitter, of Brooklyn, and L. M. Waite in the finals of the mixed doubles in the Hotel Bennett tennis tournament Monday afternoon. The games were exciting and full of interest even though the victorious team carried off the match in three straight sets, the scores being 6-3, 6-2 and 6-1. Miss Fitter and Mr. Waite made a better showing than did Miss Fitter and P. Rodgers, of Pittsburg, in the recent DeLand tournament, but even then it was apparent that neither of the vanquished team was playing up to their standard.

Miss McConnell played with an injured forefinger on her right hand, causing her much pain and no little trouble, although the defect was probably not known or apparent to many of the spectators. Two handsome cups were offered in the tournament, which was for mixed doubles only, and the trophies are being engraved today.

Miss McConnell, who is from Kalamazoo, Pa., has carried off various honors in local tennis tournaments for the past three seasons, and this year will return to the little Pennsylvania town with three more beautiful cups to add to her already large collection. Her sister, Miss H. McConnell, who took part in the DeLand tournament, also has a cup to her credit.

The Santa Maria left Monday for the north after being at the yacht club several days. The Santa Maria hails from Brooklyn, and the St. Augustine yacht club. The owner is Daniel M. Webster of Brooklyn.

BULLETS MAKE SIEVE OUT OF NEGRO SHANTY

DEPUTIES FIRE MANY SHOTS BEFORE BLACK SURRENDERS

NEGRO IN ST. JOHN'S COUNTY KILLS ANOTHER BLACK FOLLOWING QUARREL OVER ONE DOLLAR.

Shooting and killing George Williams, a negro, firing a. several others until his gun was empty and then barricading himself in his cabin. Steve Johnson, a negro, created a big stir Saturday night and Sunday at Dinner Island in St. John's county. Not until the shanty had been bored through and through with bullets from Winchester rifles fired by a posse of deputy sheriffs was he captured. He is now held at the county jail by Sheriff Perry upon the charge of murder. All of the trouble arose over one lonesome dollar.

There was a dispute between Williams and Johnson over the dollar. Apparently it reached the acute stage Saturday night as when Johnson went to Williams' cabin Johnson was alleged to have leaned away with a shotgun, the buckshot charge tearing through the door and entering the other negro's abdomen. Other negroes hastened to the scene and attempted to render aid to the wounded one when they were also fired upon, all escaping, however. Johnson is alleged to have then fired at still another but his gun missed fire. The other negro then grabbed the barrel and lunged at the murderer, stabbing him in the shoulder slightly with a knife.

Deputy Sheriffs Sobate, Charley Perry and Greene and others located him in a cabin Sunday. He was armed with a shotgun and several shells loaded with buckshot. The officers had their Winchester, however, and they were able to stand beyond his range at first and to fire into the cabin as he did not surrender. Probably 50 shots were fired into the shanty, it being pierced through and through by the bullets, before Johnson surrendered. He had huddled down in a corner and had escaped being struck by the bullets.

Real Financier.
Our idea of a financier is one who can borrow a lot of money without security or secure a lot of it without borrowing.—Galveston News.

Long Controversy, Indeed.
After ten years' controversy, it has been decided in France that the industry of gathering old corks and making use of them a second time is not detrimental to public health.

LYNN SHOE STRIKE OF YESTERDAY NOW ENDED

MANUFACTURERS CONCEDED DEMANDS FOR INCREASE AND 2,100 WORKMEN GO BACK TO THE FACTORIES.

LYNN, Mass., March 26—The Lynn shoe strike which began yesterday is practically ended today. Nearly all the firms conceded the demands of the workmen for an increase, and out of the 2,500 who struck only 400 are now out.

\$200,000 DAMAGE BY FIRE IN VERMONT.

BELLOWS FALLS, Vt., March 26—The Union block, Arms block, and Hotel Windham were burned today. The loss is estimated at \$200,000.

EXPLOSION OF BOILER KILLS FOUR PERSONS.

HOLCOMB, Miss., March 26—Four persons were killed and three seriously injured by a boiler explosion near here today.

THE BENEFIT RECITAL LARGELY ATTENDED.

The benefit recital for Mrs. Helen Stuart-Richings given Monday evening at the Palmetto clubhouse under the auspices of the Palmetto club and local Eastern Star chapter was not as largely attended as an entertainment of its character would warrant, but the audience showed thorough appreciation of the reciter's great dramatic talent and of the excellent musical program provided for the evening.

Mrs. Stuart-Richings gave some eight or nine recitations in all and held her audience in rapt attention through each one. The subjects ranged from deepest pathos to contagious laughter producing recitations and included several splendid direct pieces and superb imitations of bird song. Mrs. Stuart-Richings in addition to her talents as an entertainer is a writer of prose poems and verse and author of many magazine articles of note.

The musical program of the evening included piano, violin and vocal solos, the first number being a piano solo, C. Minor Nocturne—Chopin, by Miss May Merrill, of Grand Rapids, Mich. Miss Merrill also gave an encore. A. E. Donnelly contributed a violin solo, Air from Concerto—Goldmark and encore, with Miss Elka Williams as accompanist. There were also two vocal solos, "Oh, Love But a Day," and "Oh, For a Day of Spring," by Mrs. Henry C. Pirrung, of Columbus, Ohio, who is spending the season in Daytona. Miss May Jolly of this city acted as accompanist for Mrs. Pirrung.

Rather Emphatic.

In a Virginia courthouse a negro was describing how a cutting scrape started. "Dis here Johnson nigger started toward me," said the witness; "and as he done so he stuck his hand down in his hip pocket. And I says to him, 'Nigger,' I says, 'whenever you has got your hand on now better be a chicken, 'cause I suttinly is gwine to make you eat it!'"

Big Demand for False Hair.
At the annual hair fair recently held at Limoges, France, a merchant from Paris bought nearly 200 pounds, at an average price of between 50s and 55s per pound. This, however, was not an exceptional average, as eight-tenths of the ton of hair, which was the estimated weight of the whole market, was priced at this figure. There were bids of from £12 to £14 for white hair, and of rather less for the rarer qualities of red hair.

Disciplined Children.

The child allowed to follow the path of least resistance, to turn aside because of the most shadowy obstacles in the road to accomplishment, is the father of the man who seeks 'stretches, who, with the most selfish sense of self-preservation well developed, stops at no mean or underhanded method to save himself real work and honest effort.

Dropped Into Earth's Opening.
An earthquake in the Philippine Islands recently brought forth a queer experience. According to the story, a native was walking through one of the towns when the shock occurred. The earth opened beneath his feet and he dropped into the fissure, saving himself from injury by grasping the edges of the pit with his hands.

Success
is attained by doing the right thing again and again, until it becomes a habit. One of the best habits you can form is to read the advertisements that appear in this paper. Now is the time to begin.

Careless.
A good many men try to climb the ladder of success without first taking the trouble to see that it is set on something firm.

wedding Began in Romance.

A marriage took place recently, in Red Bank, N. J., which was the culmination of an odd romance. Three years ago, the bridegroom, John S. Bainton was unpacking at a clothing factory in Red Bank when he came upon a slip of paper on which was written the name of his future bride and her address. A few days later the young woman got a letter from Bainton. The return mail brought Bainton a reply. A regular correspondence was begun and soon photographs were exchanged and the couple became engaged.

Cabbage Cigars a Reality

There would seem to be no end to the things that can be smoked, though many of them can hardly be commended as substitutes for tobacco. Reports from the commissioners of inland revenue show that tobacco can be adulterated with things as far apart as molasses and lambblack. Licorice and gum apparently smoke well, and so do such leaves as rhubarb, cabbage and chloey. Then there are honey, moss and treacle to say nothing of seaweed and powdered wood.

Young Organist a Genius.

Angelina Spinello, organist of St. Michael's Catholic church, New Haven, Conn., is said to be the youngest organist in the world. She is 10 years of age, and a wonderful future is predicted for her.

Hotel Site.

DIET AND HEALTH HINTS

By Dr. T. L. Allen
Food Specialist

THE CORN-EATING CHIMP.

If Charles W. Gillette of Lawrence, Mass., who, according to newspaper reports has broken the world's record for eating corn against time by eating 25 ears in an hour and 15 minutes, had spent 2 hours daily for 30 days in eating that much corn, and nothing else, thereby proving that a man can maintain better health and working capacity on such a ration, under ordinary conditions than by eating an ordinary ration including meat, bread and pie and corn and coffee, he might have set out in the least intelligent health or self-respect. It is perhaps such a test would be so scientific as to be interesting.
